

Product Safety Recall

Plastic Caps used on Portable Plastic Fuel Containers
manufactured by Venture BMW Pty Ltd
for use with petrol (red), diesel (yellow) and two-stroke fuel (green)

Product Description:

Caps for 5lt, 10lt and 20lt plastic fuel containers manufactured by Venture BMW. Containers are labelled with the following brand names: SCA, Adventure Products and VBMW

What are the defects:

Possible cracking of the plastic cap

What are the hazards:

Leaking fuel may pose a fire hazard

Identifying features:

- Affected caps have a circular imprint feature visible on the top surface – refer fig 1
- There are no numbers on the affected caps. If there is a “1”, “2”, “3” or “4” on the cap, then the cap is not part of this recall- refer fig 2
- If you have an affected cap, based on these two criteria, then you need to have it replaced. See below for detail.

Dates available for sale:

1 December 2013 to 31 October 2014

Where was the product sold:

Nationally

Traders who sold this product:
