**Why the product is recalled:** The product does not comply with the [mandatory standard for trolley jacks](#). Warning notice labelling does not include the full key warning that the product is to be used on flat, hard, level ground.

**Hazard:** There is a risk of a vehicle collapsing on a consumer causing serious injury or death from incorrect product use, due to incomplete warning labelling.

1. Consumers should stop using the hydraulic trolley jack immediately and check their product label for the affected batch codes.
2. Affected consumers should contact Kinchrome to arrange to receive a permanent label that they can affix or return of the product for a replacement.
