

Product Safety Recall

Do you own this product?

Deere & Company / John Deere Limited —
Z760R Zero Turn Mowers

Green and yellow ride on lawn mower with
“John Deere” below the operating seat, model
number “Z760R” printed on the front footrest
and “ZTRAK” printed on the rear sides.

Dates sold: 15 February 2023 – 30 December
2023

Why the product is recalled: The voltage regulator on some engines may fail, posing a fire hazard, even if the engine is off or not in use.

Hazard: There is risk of serious injury, death and/or damage to property if the voltage regulator catches fire.

Action required:

1. Stop using the affected mower until it has been repaired.
2. Disconnect the negative battery cable. If you are unsure on how to disconnect the battery, see the Operator’s Manual or contact your local John Deere dealer.
3. Contact your local authorised John Deere dealer to arrange a free repair.

For more information contact your local [authorised John Deere dealer](#).

Purchased from: Authorised John Deere dealers
