Kawasaki Motors Australia — Kawasaki JT1500 series jet skis

- 22JT1500V - JET SKI ULTRA 310LX
- 22JT1500W - JET SKI ULTRA 310LX-S
- 22JT1500X - JET SKI ULTRA 310X
- 23JT1500Y - JET SKI ULTRA 160LX
- 23JT1500Z - JET SKT ULTRA 160LX-S

See list of VINs affected by this recall on [the Product Safety Australia website](#).

Important: Some jet skis may be affected by both issues.

Dates sold: 1 January 2022 – 3 November 2023

Why the product is recalled: Rainwater can collect in the engine compartment if the jet ski is stored outside and uncovered, which may result in the engine compartment filling with water.

Some models also have main electrical harnesses that may not be sufficiently sealed, and may allow water to enter the harness.

Hazard: There is a risk of serious injury if corrosion occurs in the engine compartment or wiring harness as it may cause the engine to stall during use.

Consumers should contact their [nearest Kawasaki dealer](#) to arrange a free repair of the engine.

Consumers can also contact Kawasaki on 02 9638 6164 or email info@kawasaki.com.au for further information.

For more information, consumers should contact their [nearest Kawasaki dealer](#).

Purchased from: Authorised Kawasaki dealers
