

# Product Safety Recall

## Septone Rust Converter 500mL

Product supplied 1 March 2020 - 30 September 2020

Product Code: AUR500ML

Batch Numbers: 146457, 147527,  
149117, 149449, 150438, 150203,  
150217

**Defect:** Product can leak from the cap of the bottle.

**Hazard:** There is a risk that, if the product leaks from the packaging, it may cause skin and/or eye irritation and damage/corrode property.

**What to do:** Consumers should contact ITW Australia to arrange for the product to be collected, and for a store credit or refund to be provided.

Consumers are advised to immediately stop using the product. Consumers are advised to place the affected product in a securely fastened plastic bag and then place in a secondary container and store in a safe place until collection can be arranged. When handling the product, consumers should wear gloves and eye protection. Consumers should thoroughly wash their hands after handling the product, even if there is no obvious sign of leakage.

**Contact details:** For further information consumers can contact ITW Australia by phone on 1800 177 989 or by email at [sales@aamtech.com.au](mailto:sales@aamtech.com.au)
