

# Product Safety Recall

## Manually Operated Bee Smoker

Sold by Bee2Bee Beekeeping Supplies Australia from 28 July 2020 to 10 March 2022

**Defect:** The manually operated bee smoker has a bellows between the handle and smoker barrel. The bellows contains white (chrysotile) asbestos.

**Hazard:** If asbestos fibres are released into the air and breathed in, they can cause serious medical conditions, including asbestosis, lung cancer and mesothelioma.

**What to do:** Consumers must:

1. Immediately stop using this product and wrap it in thick sturdy plastic or heavy-duty sturdy plastic bag where the seal cannot be broken.
2. Contact Bee2Bee to make arrangements to return the product for a full refund, or to receive replacement goods of equivalent value of your choice from Bee2Bee.
3. If you are unable to safely return the product, please contact Bee2Bee to make alternative arrangements for disposal of the product, free of charge.

**Contact Details:** For further information, please contact Bee2Bee by phone on 0488 010 840, via email at [info@bee2bee.com.au](mailto:info@bee2bee.com.au) or via the website at <https://bee2bee.com.au/product-recall/>
